

# Progression of Art Skills

## Year 1

<b>Generating ideas</b>	Explore their own ideas using a range of media.
<b>Sketch-books</b>	Use sketchbooks to explore ideas.
<b>Making skills (including Formal elements)</b>	Develop some control when using a wide range of tools to draw, paint and create crafts and sculptures.
	Make choices about which materials to use to create an effect.
	Explore and analyse a wider variety of ways to join and fix materials in place.
	Develop observational skills to look closely and reflect surface texture.

## Year 1

<b>Knowledge of artists</b>	Understand how artists choose materials based on their properties in order to achieve certain effects.
<b>Evaluating and analysing</b>	Describe and compare features of their own and others' artwork.
	Evaluate art with an understanding of how art can be varied and made in different ways and by different people.

## Year 2

<b>Generating ideas</b>	Begin to generate ideas from a wider range of stimuli, exploring different media and techniques.
<b>Sketch-books</b>	Experiment in sketchbooks, using drawing to record ideas.
	Use sketchbooks to help make decisions about what to try out next.
<b>Making skills (including Formal elements)</b>	Further demonstrate increased control with a greater range of media.
	Make choices about which materials and techniques to use to create an effect.
	Use hands and tools with confidence when cutting, shaping and joining paper, card and malleable materials.
	Develop observational skills to look closely and aim to reflect some of the formal elements of art (colour, pattern, texture, line, shape, form and space) in their work.

## Year 2

<b>Knowledge of artists</b>	Talk about art they have seen using some appropriate subject vocabulary.
	Create work from a brief, understanding that artists are sometimes commissioned to create art.
	Create and critique both figurative and abstract art, recognising some of the techniques used.
	Apply their own understanding of art materials learnt from artist work to begin purposefully choosing materials for a specific effect.
<b>Evaluating and analysing</b>	Explain their ideas and opinions about their own and others' artwork, beginning to recognise the stories and messages within and showing an understanding of why they may have made it.
	Begin to talk about how they could improve their own work.
	Talk about how art is made.

## Year 3

### Generating ideas

Generate ideas from a range of stimuli and carry out simple research and evaluation as part of the making process.

### Sketch-books

Use sketchbooks for a wider range of purposes, for example recording things using drawing and annotations, planning and taking next steps in a making process.

### Making skills (including Formal elements)

Confidently use of a range of materials and tools, selecting and using these appropriately with more independence.

Use hands and tools confidently to cut, shape and join materials for a purpose.

Develop direct observation, for example by using tonal shading and starting to apply an understanding of shape to communicate form and proportion.

## Year 3

### Knowledge of artists

Discuss how artists produced art in the past and understand the influence and impact of their methods and styles on art today, using their own experiences and historical evidence.

Consider how to display art work, understanding how artists consider their viewer and the impact on them.

### Evaluating and analysing

Confidently explain their ideas and opinions about their own and others' artwork, with an understanding of the breadth of what art can be and that there are many ways to make art.

Discuss and begin to interpret meaning and purpose of artwork, understanding how artists can use art to communicate.

Begin to carry out a problem-solving process and make changes to improve their work.

## Year 4

### Generating ideas

Generate ideas from a range of stimuli, using research and evaluation of techniques to develop their ideas and plan more purposefully for an outcome.

### Sketch-books

Use sketchbooks purposefully to improve understanding, develop ideas and plan for an outcome.

### Making skills (including Formal elements)

Demonstrate greater skill and control when drawing and painting to depict forms, such as showing an awareness of proportion and being able to create 3D effects.

Use growing knowledge of different materials, combining media for effect.

Use more complex techniques to shape and join materials, such as carving and modelling wire.

Apply observational skills, showing a greater awareness of composition and demonstrating the beginnings of an individual style.

## Year 4

### Knowledge of artists

Use subject vocabulary confidently to describe and compare creative works.

Understand how artists use art to convey messages through the choices they make.

Work as a professional designer does, by collating ideas to generate a theme.

### Evaluating and analysing

Use more complex vocabulary when discussing their own and others' art.

Discuss art considering how it can affect the lives of the viewers or users of the piece.

Evaluate their work more regularly and independently during the planning and making process.

## Year 5

<b>Generating ideas</b>	Develop ideas more independently from their own research. Explore and record their plans, ideas and evaluations to develop their ideas towards an outcome.
<b>Sketch-books</b>	Confidently use sketchbooks for purposes including recording observations and research, testing materials and working towards an outcome more independently.
<b>Making skills (including Formal elements)</b>	Work with a range of media with control in different ways to achieve different effects, including experimenting with the techniques used by other artists.
	Combine a wider range of media, eg photography and digital art effects.  Create in a more sustained way, revisiting artwork over time and applying their understanding of tone, texture, line, colour and form.

## Year 5

<b>Knowledge of artists</b>	Research and discuss the ideas and approaches of artists across a variety of disciplines, being able to describe how the cultural and historical context may have influenced their creative work.
	Discuss how artists create work with the intent to create an impact on the viewer.  Consider what choices can be made in their own work to impact their viewer.
<b>Evaluating and analysing</b>	Discuss the processes used by themselves and by other artists, and describe the particular outcome achieved.
	Consider how effectively pieces of art express emotion and encourage the viewer to question their own ideas  Use their knowledge of tools, materials and processes to try alternative solutions and make improvements to their work.

## Year 6

<b>Generating ideas</b>	Draw upon their experience of creative work and their research to develop their own starting points for creative outcomes.
<b>Sketch-books</b>	Using a systematic and independent approach, research, test and develop ideas and plans using sketchbooks.
<b>Making skills (including Formal elements)</b>	Create expressively in their own personal style and in response to their choice of stimulus, showing the ability to develop artwork independently.
	Combine materials and techniques appropriately to fit with ideas.  Work in a sustained way over several sessions to complete a piece, including working collaboratively on a larger scale and incorporating the formal elements of art.

## Year 6

<b>Knowledge of artists</b>	Describe, interpret and evaluate the work, ideas and processes used by artists across a variety of disciplines, being able to describe how the cultural and historical context may have influenced their creative work.
	Recognise how artists use materials to respond to feelings and memory and choose materials, imagery, shape and form to create personal pieces .  Understand how art forms such as photography and sculpture continually develop over time as artists seek to break new boundaries.
<b>Evaluating and analysing</b>	Give reasoned evaluations of their own and others' work which takes account of context and intention.
	Discuss how art is sometimes used to communicate social, political, or environmental views.  Explain how art can be created to cause reaction and impact and be able to consider why an artist chooses to use art in this way.  Independently use their knowledge of tools, materials and processes to try alternative solutions and make improvements to their work.
