

# Understanding Neurodiversity: **Autism Focus**

**New  
Workshop!**

Salford Neurodevelopmental Approach are pleased to announce the introduction of a new workshop for parents/carers:

## **Understanding Neurodiversity: Autism Focus.**

The workshop is for parents/carers who want to learn about autism, social communication and interaction skills and what this may mean for their child. This workshop has previously been delivered following a diagnosis being given. We are pleased this is now available to any parents/carers wanting to learn more about this.

**Reserve your place - [click here!](#)**

For guidance on how to use the booking system, please visit: [Event Booking System Guide](#)  
Further information at: [Salford's Neurodevelopmental Offer](#)

### The workshop will cover:

- Social Communication and Interaction skills: What this means and how an autism diagnosis is given.
- Supporting children and young people with social interaction and communication needs including autism.
- Lived experience of being a parent/carer of a neurodivergent child
- Working together across home and education setting to support children and young people.
- Opportunities to ask questions, share tips and strategies and reflect on your own child's strengths and areas of need.

### Session Information:

- Workshops are delivered by our Community Paediatricians.
- Workshops are every month – see the Neurodevelopmental Approach website for dates and times.
- Workshops are online and will last for around 90 minutes.
- Workshops are open to any parent/carer who has questions around autism – book yourself onto a workshop that is suitable to you.
